Will teaching be in Norwegian or English? \_\_\_\_\_

If the teaching is to be in Norwegian, will you attend a Norwegian language course? Yes / No

Is your course of study funded by the Norwegian Educational Loan Fund? Yes / No

Your study plan must state which course of education you will be taking in Norway and when you plan to complete it. If you are receiving financial support for your studies under the Educational Loan Fund's quota programme, you must state whether you plan to continue your studies after the quota programme has been concluded. The granting of a residence permit is conditional on your returning to your home country on completing your education. Permits will be granted for one year at the time.

If your study plan does not contain information concerning your educational plans beyond the period to which the application relates, you can not count on having your residence permit renewed. If you switch to a different course of study or otherwise significantly change the plans you originally submitted for your education in Norway, your permit will as a general rule not be renewed. If you have been granted a residence permit for the purpose of attending a Norwegian language course, you must obtain a pass in a course within one year in order to obtain a residence permit for further study. Satisfactory educational progress is a condition for renewal of your permit.

I the undersigned have read and understood the above.
